

Pack 337 Web Services – Managing a Den or Pack Photo Album

Pack 337 Web Services - MANAGING A DEN or PACK PHOTO ALBUM

OPENING PICASA for your Den or the Pack

1. Go to picasaweb.google.com
2. If you are already signed in to a Google Account, log out.
3. For DEN PHOTOS:
 - a. Log in using: pack337cfcden#@gmail.com (# is your Den number)
 - b. For the Password, contact webmaster@pack337.com .
 - c. You may share albums with your den email list, or may stand them up on your own Den page.
4. For PACK PHOTOS:
 - a. Log in using [pack337<year> @gmail.com](mailto:pack337<year>@gmail.com) (where <year> is the 4 digit year representing the start of the current Pack year)
 - b. For the Password, contact webmaster@pack337.com .
 - c. Any albums you add/modify for the year you logged into should be visible on the Pack PHOTOS page.

CREATING A PHOTO ALBUM

1. Click on “Upload”
2. Name the Album
3. Upload Photos from your Computer
4. Edit the album properties going to the “My Photos” tab and then selecting Actions -> Album Properties. Correct the date if needed, add a description, ensure the Visibility is “Public on the Web”.
5. You may choose "Launch Picasa" to download & install Picasa on your PC if you wish. Picasa is a nice photo viewer/editor/organizer. It will scan your computer and collect photos and organize them, do face recognition, etc.
6. ALTERNATIVE – You may also choose to download the Picasa application to your PC for faster uploading.
7. If you want a link to this album to put on another web page (like a Den web page), Under the “My Photos” tab, click on the album, and then look for “link to share” on the right margin.

If you have questions/issues, email webmaster@pack337.com
